

# Fostering multi-rail operators and multi-modal travel

26/06/2025 - Connecting Europe: Multimodal Travel for Sustainable Tourism

Victor Thévenet  
Manager, Rail Programme

# Emissions from transport and tourism in the EU

**0.4%**

Rail share of emissions in  
EU transport

**75%**

Share of transport emissions in the  
total emissions of the tourism sector

40-50%

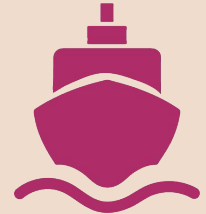

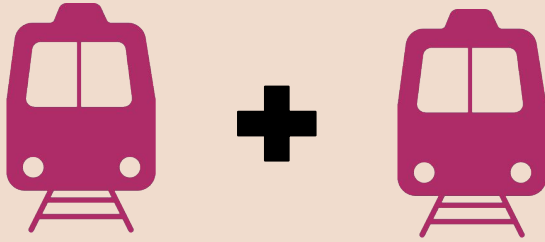

30-35%

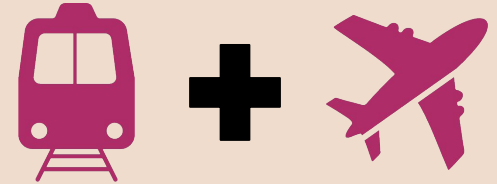

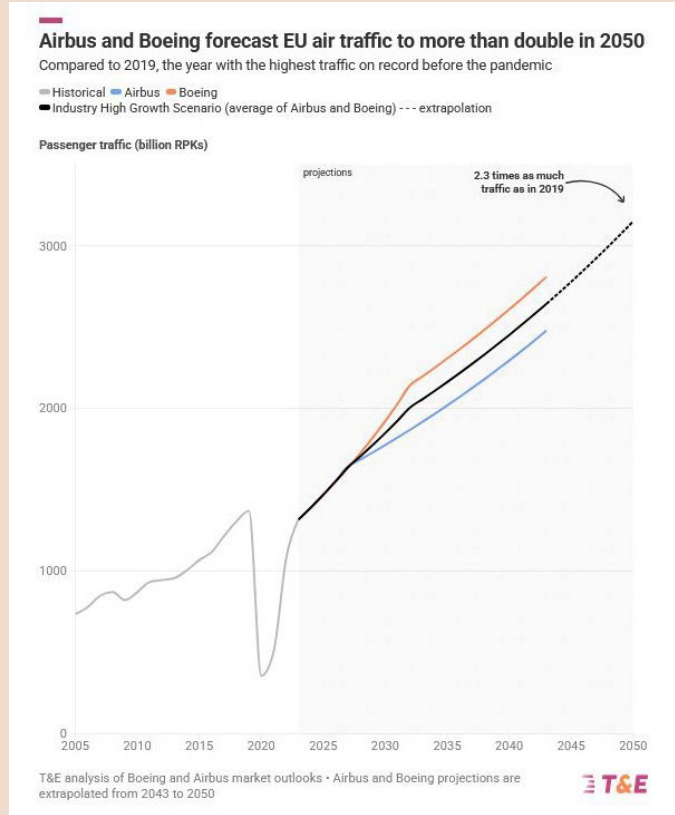

Less than 5%

# Multi-rail operators and multi-modal travels

# Growth of air travel is putting Europe's decarbonisation goals at risk

In 2024, for the first time  
**Transport Emissions in Europe have decreased, but...**

Let's be careful about  
the rebound effect of air  
+ rail

# Multi-modal travel is fun and green but tricky!

Paris to Tangier (Morocco)

4 trains

1 bus

1 ferry

**6x less GHG emissions than flying**

**BUT**

**6 different tickets bought**

# We must get Single Ticketing a reality!

**See you in December 2025 ?**

- 1) Single Digital Booking and Ticketing
- 2) Multimodal Digital Mobility Services
- 3) Rail Passengers' Rights
