

Platform overview: getting started

European
Commission

Accessing the platform

- ✓ Follow the link to the platform [here](#).
- ✓ Visit the EU Transition Pathways and select the Agri-food ecosystem.

How can I register to Agri-food ecosystem? (1/4)

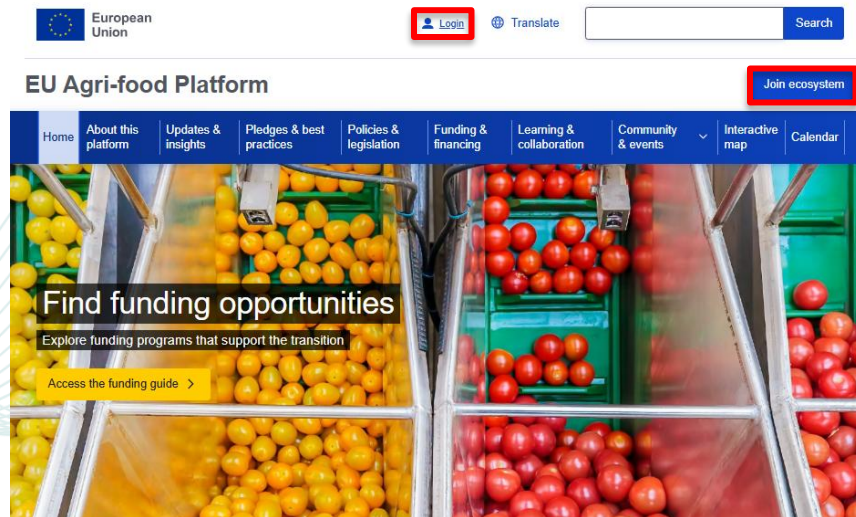

Registering is a simple process that will grant you access to a wealth of resources, communities, and collaboration opportunities. In this guide, we will walk you through the registration process step-by-step to ensure a smooth and hassle-free experience.

1.

Step 1: Access the registration page

To access the registration page, click on either the 'Login' or 'Join Ecosystem' button located in the top right corner of the page.

Note: As a new joiner, we highly recommend clicking on 'Join ecosystem', as this will allow you to complete your registration in a single step, and use 'Login' when you already have an active registration.

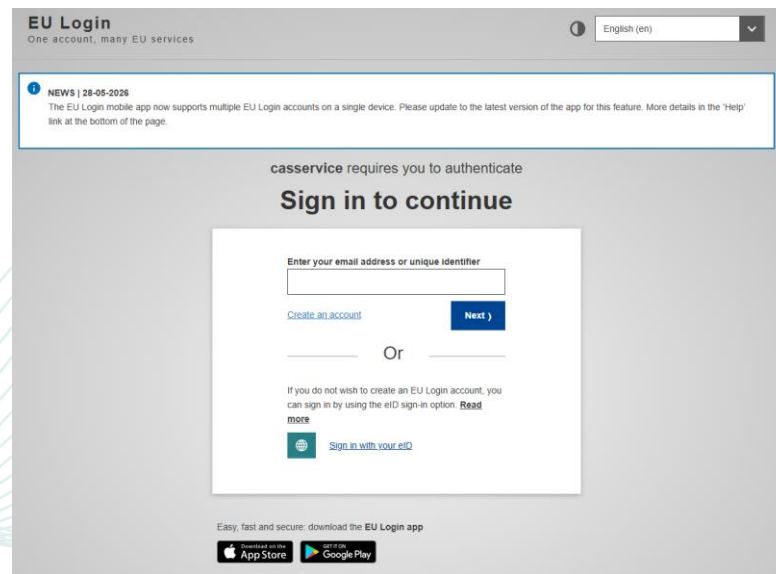

How can I register to Agri-food ecosystem? (2/4)

2.

Step 2: Enter your EU Login credentials or create an EU Login account if you do not already have one

EU Login allows authorised users to access a wide range of the European Commission web services, such as the Stakeholder Support Platform by using a single email address and password.

Note: We highly encourage all our members to use professional email addresses for registration on the platform for credibility purposes.

The screenshot shows the EU Login interface. At the top, it says "EU Login" and "One account, many EU services". There is a language selector set to "English (en)". A news banner from 28-05-2026 states: "The EU Login mobile app now supports multiple EU Login accounts on a single device. Please update to the latest version of the app for this feature. More details in the 'Help' link at the bottom of the page." Below this, a message says "casservice requires you to authenticate". The main heading is "Sign in to continue". There is a text input field labeled "Enter your email address or unique identifier" with a "Next >" button. Below the input field is a link "Create an account". In the center, there is an "Or" separator. Below that, a message says: "If you do not wish to create an EU Login account, you can sign in by using the eID sign-in option. [Read more](#)". At the bottom of the sign-in area is a globe icon and a link "Sign in with your eID". At the very bottom, there is a footer that says "Easy, fast and secure: download the EU Login app" with "Download on the App Store" and "GET IT ON Google Play" buttons.

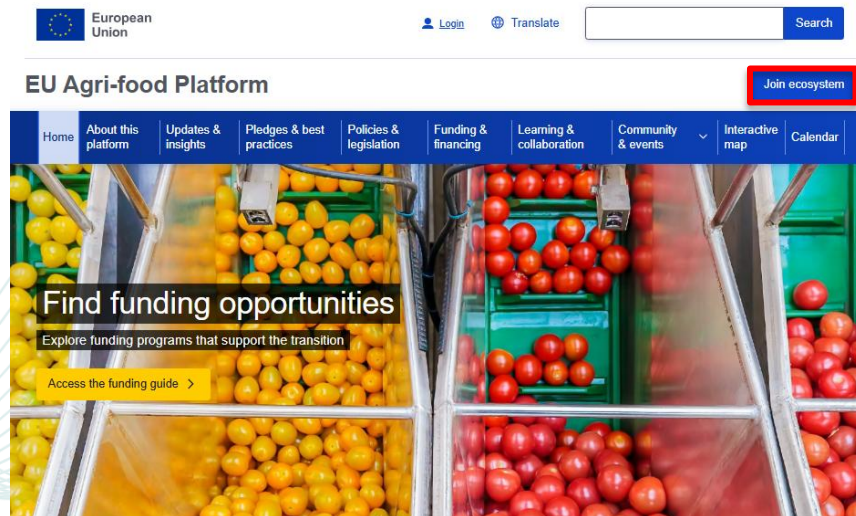

How can I register to Agri-food ecosystem? (3/4)

3.

Step 3: Click on "Join ecosystem" button

Note: This step is only necessary if you selected 'Login' for your first access to the platform instead of 'Join ecosystem' in Step 1.

After logging in successfully, please click on the 'Join Ecosystem' button located in the top header of the platform to access the Construction ecosystem.

How can I register to Agri-food ecosystem? (4/4)

4.

Step 4: Fill out your profile in "My account settings"

After joining, completing your profile with your characteristics and interests will allow you to fully utilize the Stakeholder Support Platform, ensuring you access only the information that is relevant to you. All fields with a red star (*) are mandatory. You will also be asked to agree to the Terms & Conditions and the Privacy Statement.

If you complete your registration, you will also be notified (via a notification in the platform or email) that you can access the platform's full functionality.

Note: Separate registration is needed for every ecosystem. However, after logging in to the platform with your EU Login account, you can access all ecosystem profiles where you already have an active registration.

The screenshot shows a web form titled "My account settings". At the top, there are two tabs: "Account settings" (active) and "My interests". Below the tabs is the "Personal Info" section. It contains six input fields arranged in two rows. The first row has "First Name", "Last Name", and "E-mail". The second row has "Organisation Type", "Organisation", and "Country". Each field has a red asterisk (*) indicating it is mandatory. The "Organisation Type", "Organisation", and "Country" fields have dropdown arrows. Below the "Organisation" field, there is a small note: "Please specify the name of the organisation where you work. Use Latin characters only, and if possible, provide the name in English."

#3 You have the option to upload a profile picture.

#4 You can link your social media profiles to your platform account.

What can you specify to your account? (2/3)

My characteristics

In this section, you can personalise your profile by selecting characteristics that best describe you. These characteristics will help us tailor your experience on the platform, ensuring you see the most relevant content. Your choices here will be carried over to the Interests section. The characteristics you select will directly influence the content and recommendations you receive. Take your time to make selections that truly represent who you are. This helps us provide you with a more personalised and engaging experience.

Transition Pathway Strategic Areas *

#5 You should indicate any ecosystem-specific characteristics.

Notifications & Alerts

☒ In-platform notifications ☒ E-mail alerts

#6 You should decide whether you would like to enable in-platform or email notifications. Please note that if you do not enable these, you may miss important updates.

Account Deletion Request

You hold the right to request the deletion of your account. This action means that all your data will be permanently removed and cannot be recovered. To proceed with this request, click the button below.

Delete account

#7 You can initiate the deletion of your account at any time.

Agreements

- ☒ I have read and agree with the [Terms & Conditions](#)
- ☒ I have read and agree with the [Privacy Statement](#).
- ☒ I agree to be contacted by the Transition Pathway Stakeholder Support Platform contractor.

#8 You must accept certain key agreements to fully utilize the platform.

Set your interests

#9 Click on 'Set your interests' to proceed to the second page of account settings and save your changes.

Account settings

My interests

Customise your experience

i In this section, you can further refine your profile by selecting interests from the same lists used in the Characteristics section. We use these characteristics to deliver content that matches your preferences. You can choose multiple options from each list to broaden your content and recommendations. Feel free to explore and select as many interests as you like. This will ensure that your experience on the platform is personalised.

Areas of interest across ecosystems

The following categories will be relevant for all ecosystems you are registered to. The selected areas of interest will contribute to the Agri-food-related personalisation.
